### Objective :

Mr. Jain's extensive experience at the Delhi Airport Authority of India will provide students with firsthand knowledge of airport operations and the aviation industry .

The session is to delve into the various functions that contribute to smooth airport operations , including airside and terminal operations , cargo handling , safety and security protocols , and regulatory compliance .

The session is to expose students to the diverse career paths available in airport operations and logistics .

### Description :

We are thrilled to welcome Mr. Sanjay Jain, Ex-Executive Director , Airport Authority of India, Delhi. Mr. Jain's distinguished career equips him with a wealth of practical knowledge and strategic insights into the complexities of airport operations . Throughout this interactive session , Mr. Jain delved into the core functions that orchestrate a smooth -running airport . Students are able to gain a comprehensive understanding of airside and terminal operations , cargo handling processes , and the stringent safety and security protocols that ensure passenger and staff well-being . This session extends beyond theoretical knowledge . Mr. Jain shed light on the diverse career paths available within airport operations , logistics , and supply chain management within the aviation sector . Whether you dream of managing air traffic control , overseeing efficient cargo movement , or ensuring seamless passenger experiences , this session successfully gave a spark to the interest of students and empowered them to chart their future career trajectory . Beyond career exploration , Mr. Jain's vast experience offers a unique opportunity to develop industry -specific skills crucial for success in airport operations . Students also gained valuable insights into effective communication , strategic problem -solving , and the art of teamwork in a fast -paced environment .

### Outcomes :

Students gained a deeper understanding of the complexities involved in managing a modern airport , encompassing various departments and their interconnected roles .

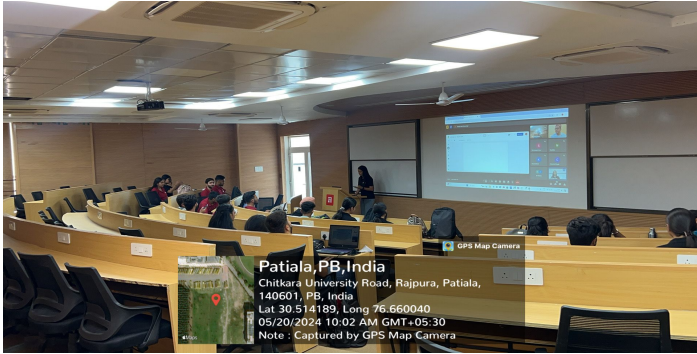

The session gave spark to the students ' interest in potential careers within airport operations , logistics , and supply chain management , allowing them to make informed decisions about their future paths .
