About the Conference

Chitkara University is organizing the International Conference on Emerging Technology and Sustainable Solutions, ICETSS 2024, on 8 - 9 October, 2024. The conference intends to explore pathways to address current emerging sustainability challenges by keeping the focus on the needs of the present without compromising future generations. Through this conference, we aim to bring together a common platform for individuals from diverse realms like academicians, scientists, engineers, research scholars, technologists, and industry experts from India and abroad to exchange ideas and suggest practical solutions toward the achievement of intelligent, sustainable systems for a more sustainable future. Experts will share the most recent innovations, trends, and sustainable development goals for advancement in intelligent computing, communication systems and networking, embedded systems and IOT, biomedical and healthcare, and industrial and commercial applications of technologies. The attendees will explore emerging relevant technologies, the latest tools, and proactive solutions to take their sustainability solutions to the next level.
