# CHITKARA COLLEGE OF EDUCATION

Established in the year 2003, Chitkara College of Education is approved by National Council for Teacher Education (NCTE), Jaipur, and duly recognized by the Punjab State Government. We aim to provide an exemplary stepping stone to the budding teachers' future success through a concrete grounding in requisite skills and knowledge, which is channelised towards striving for teaching excellence and for creating exceptional leaders to transform the educational realm.

**Chitkara College of Education has been accredited A Grade with a CGPA of 3.14 on a four point scale by NAAC.**

The M. Ed program aims at preparing teacher-educators and educational administrators/managers with a national, regional as well as a global vision of education and to equip them with the sound knowledge of teaching-learning process, state-of-the-art educational technology along with Information and communication technology, applicable in the practice of education and enabling them to handle the growing needs of the 21st century.

The curriculum also emphasizes on face-to-face academic counseling, psychology practicals, supervision the practice sessions of B. Ed. students, project work and Dissertation work. It is the fusion of conventional and non conventional modes of learning. In this way this programme definitely will help the state in particular and the country in general in meeting the human resource requirement of teacher-education institutions.

To achieve its ends, the programme addresses a number of professional areas of concern including, but not limited to, philosophical and sociological concerns of education, psychological concerns of education, scientific inquiry in educational perspective or research methods in education, educometrics/ educational measurement and evaluation, teacher education, open and distance learning, educational management and administration, guidance and counseling, special needs education/inclusive education and ICT in education. The design of curriculum incorporates the latest national and international educational concerns.

# Collaboration with North India's Leading Private Schools

THE STRENGTH OF OUR INITIAL teacher preparation lies in the very strong integration between content & pedagogical preparation, the design and development of which is strongly backed by evidence-based educational research. A strong partnership model between leading private schools and Chitkara University is seen through the many school-based practicum postings enabling student-teachers an opportunity to translate theoretical knowledge to practical application in teaching and learning.

This component, as the title suggests, is visualised as essentially a school based experiential learning for the student-teacher in not only aspects related to teaching, learning of their subject areas in the classroom, but also to gain insight and sensitivity into the holistic part played by teacher in sustaining and evolving school ethos.

During practicum, student teachers would be guided and assisted by their cooperating teachers at some of the best private schools of North India and Chitkara University faculty through systematic observations, assistance and advice. Our partner schools agree to give opportunities for them to become involved with and actively participate in all aspects of the school's activities and through these experiences, will learn to link theory and practice, and acquire the understanding and skills necessary for teaching effectively in a range of classroom situations.

## Academic Partnership with Chitkara International School

Chitkara International School is an ecosystem where intellect evolves the application and potential becomes performance. Established in the year 2004, the school is located in the CITY BEAUTIFUL "Chandigarh". The campus is spread over 3.65 acres of land and is positioned as one of the premier schools of North India.

CIS is accredited to the **Central Board of Secondary Education (CBSE)**, New Delhi. The school also offers the **CIE program (Cambridge International Examinations)** for the primary learners. This advanced comprehensive program of study offers an integrated approach to learning across disciplines with an emphasis on meeting challenges in a global and technology – enabled society. Teaching is individualized and responsive to the talents of each student and the rigorous curriculum integrates the concepts and skills embedded within the major disciplines.

**Chitkara International School has a longstanding reputation of doing the very best for each and every individual student.**

# Program Framework for 2 Year M. Ed

The M. Ed. program at Chitkara College of Education provides students with an opportunity to pursue advanced studies in education and to build a foundation of important critical scholarly skills appropriate for the work of developing scholars and researchers in the field of education. Students are afforded the opportunity to develop:

- an attitude and skills related to intellectual inquiry and scholarship that are conducive to professional growth and lifelong learning
- a knowledge base of current theory and research relevant to curriculum and administration of various educational and institutional contexts
- an understanding of principles of and strategies for quantitative and qualitative research
- a means to evaluate strategies and knowledge that position the student to be an informed and critical educator capable of drawing upon existing scholarship

Apart from regular internship in leading schools/ Educational organisations of the country, there will also be an intensive focus on classroom teaching where leading practitioners from across the country will interact with our M.
