A million people; infinite possibilities

Located in the foothills of the Shivalik mountain ranges, Chandigarh is India's best planned-city, with world-renowned architecture and an unparalleled quality of life. The face of modern India, Chandigarh, is the manifestation of a dream that Pt. Jawahar Lal Nehru envisaged and Le Corbusier executed.

Chandigarh was the first planned city in India post independence in 1947 and is known internationally for its architecture and urban design. The city has projects designed by architects such as Le Corbusier, Pierre Jeanneret, Jane Drew and Maxwell Fry. It is an urban showpiece - where plants and trees are as much a part of construction plans as the roads and buildings.

Chandigarh and its surrounding areas, namely Mohali and Panchkula are on their way to become the north Indian hubs for IT industry with the major presence of companies such as Infosys Technologies, Tech Mahindra & Quark. Chandigarh is also home to several regional offices for major multinational banks, real estate and retail establishments.

With its world-class infrastructure and highest per capita income Chandigarh is fast emerging as the entrepreneurship hub of the country. Chandigarh is also attracting the service industry, education, health, food processing and a host of other companies who view it as their regional centre for all

north Indian states namely Jammu & Kashmir, Himachal Pradesh, Uttarakhand, Punjab and Haryana.

- Chandigarh is a city that comes under 'Times' 15 best Asian spots. 'Times' magazine has dubbed Chandigarh as "the thinking man's city" amidst a continent of mindless growth
- In major surveys, Chandigarh beats Bangalore, Chennai & Hyderabad in the overall ranking of India's best cities for doing business.
- A confederation of Indian Industries (CII) commissioned study has ranked Chandigarh as the overall third best city for doing business among 35 cities with an urban population exceeding population of one million.

With easy connectivity to major cities across India by flight as well as rail, Chandigarh serves as the gateway to northern India. There are also direct flights to connect with the rest of the country mainly Mumbai, Delhi and Bangalore. Indian rail network connects this city to various Indian cities chiefly Delhi, Shimla, Lucknow, Jaipur, Mumbai, Goa and Kerala.

CHITKARA
UNIVERSITY
COLLEGE OF EDUCATION

OUR B.ED. PROGRAM IS INNOVATIVE AND COMPREHENSIVE.

Altering the DNA of an alpha Teacher was envisioned to the growing concern that teacher education program has remained unchanged in terms of substance, experiences offered and modalities adopted. It is a response to the need for well-prepared teachers in terms of 'quality' which is the essence of the teacher education program.

The entire structure of the Teacher Education Program has been revamped and has been redesigned in order to alter the DNA of existing teachers so that they can cater to the diverse needs of the 21st-century learners, **who have higher levels of digital literacy than their parents or teachers and demand the freedom to show their wild creativity.** The 21st century learners also termed as Generation-Z and alpha learners (born after 1995 needs to be catered to differently).

In order to meet the varying interests of the Generation-Z and alpha learners the concept of alpha TEACHERS' was envisioned who would be trained to build an effective learning environment for the students and require following skills to facilitate the above mentioned interests

- Technical skills
- Conceptual skills
- Interpersonal skills

The envisioned alpha Teachers' are being trained to the needs of the future generations by following a cutting edge pedagogy in the field of education like engaging the alpha Teachers' using 'Google Classrooms, Webinars, Student Exchange, culturally sensitive, respecting diversity etc. along with the rigorous internship being provided in the Associate Schools. The workshops are also being organised to keep them updated with the latest happenings in the field of education. Exposure to field visits is also provided keeping in mind the close connection between school and society. The evolved alpha Teachers' would henceforth shape the future generation thereby taking the learners to the zenith of learning.

The 2-Years of Teacher Education program which is divided into 4 semesters provides intensive field engagement of the students with the modules. The training is provided to the prospective teachers in close collaboration with the schools during which they receive coaching and mentorship from Program Curators of Chitkara College of Education. The hands-on training is supplemented with expert talks by the professionals from across the country so that the students enter the teaching profession with skills and dispositions which help them to become successful teachers while receiving mentorship and training from the program curators.

TEACHER EDUCATION @ CHITKARA COLLEGE OF EDUCATION

The B.Ed. Program at Chitkara College of Education has been designed to nurture the α Teachers to become facilitators and to create the understanding of using innovative tools and techniques in teaching.

PROGRAM OBJECTIVES

The 2-Year Program in Education is designed to meet the national and international standards and is delivered by highly qualified faculty. The program has a balanced exposure of both academic and on-job training and will be a full-time course of 2 years plus a compulsory internship.

Our intensive teacher training program focuses to enhance the language proficiency and digital literacy of the α teachers thus catering to the needs of Generation-Z and Generation- α learners. It provides α teachers with an opportunity to learn to function as a teacher under extended school internship through scholarship mode. The program harbours 'Growth-Mindset' in α teachers to equip them with basics of child psychology that nurtures them to become facilitators and create an understanding of using innovative tools and techniques in teaching. The program empowers our α teachers to become globally adaptive, digitally competent and instills language proficiency among them to become life long learners and researchers. The other objectives of the program are to foster enthusiasm and skills among our α teachers, to be transferred beyond the walls of school to the communities. It also imbibes the spirit to connect relationally, to inoculate α teachers to lead directionally and strategically with brilliant future.

OUR PEDAGOGY

Our unique pedagogy involves various innovative teaching, teaching-learning, assessment tools and techniques used during these two years of enriching experience which ultimately is bestowed upon our alpha teachers to apply in their respective classes once they start functioning as teachers themselves.

2-year degree program prepares alpha teachers for the real classroom teaching and offers opportunities for practical, hands-on experience and extended internship. Take advantage of this experience to gain the practical skills, employers are looking for and open your mind to career opportunities. Academics at Chitkara College of Education keeps pace with workplace demands and ensures that students are 'work ready' and in touch with what is expected by the Generation-Z and Generation-alpha learners.

We deliver the program through various modes but primarily through faculty teaching, online, offline, guest faculty, teaching practice mode, etc. Some innovative pedagogical practices used are: Flipped Learning, Problem Based Learning, Story Telling, Blended Learning & Comic strips.
