THE CITY BEAUTIFUL

CHANDIGARH

A million people; infinite possibilities

Located in the foothills of the Shivalik mountain ranges, Chandigarh is India's best planned city, with world renowned architecture and an unparalleled quality of life. The face of modern India, Chandigarh, is the manifestation of a dream that Pt. Jawahar Lal Nehru envisaged and Le Corbusier executed.

Chandigarh was the first planned city in India post independence in 1947 and is known internationally for its architecture and urban design. The city has projects designed by architects such as Le Corbusier, Pierre Jeanneret, Jane Drew and Maxwell Fry. It is an urban showpiece - where plants and trees are as much a part of construction plans as the roads and buildings.

Chandigarh and its surrounding areas, namely Mohali and Panchkula are on their way to become the north Indian hubs for IT industry with major presence of companies such as Infosys Technologies, Dell, Tech Mahindra, Quark and Wipro. Chandigarh is also home to several regional offices for major multinational banks, retail establishments and real estate corporations.

With its world class infrastructure and highest per capita income Chandigarh is fast emerging as the entrepreneurship hub of the country. Chandigarh is also attracting the service industry, education, health, food processing and a host of other companies who view it as their regional center for all north Indian states namely Jammu & Kashmir, Himachal Pradesh, Uttarakhand, Punjab and Haryana.

- Chandigarh is a city that comes under 'Times' 15 best Asian spots. 'Times' magazine has dubbed Chandigarh as "the thinking man's city" amidst a continent of mindless growth
- In major surveys, Chandigarh beats Bangalore, Chennai & Hyderabad in the overall ranking of India's best cities for doing business.
- A confederation of Indian Industries (CII) commissioned study has ranked Chandigarh as the overall third best city for doing business among 35 cities with an urban population exceeding population of one million.

With easy connectivity to major cities across India by flight as well as rail Chandigarh serves as the gateway to northern India. There are also direct flights to connect with the rest of the country mainly Mumbai, Delhi and Bangalore. Indian rail network connects this city to various Indian cities chiefly Delhi, Shimla, Lucknow, Jaipur, Mumbai, Goa and Kerala.

COLLABORATION WITH NORTH INDIA'S LEADING PRIVATE SCHOOLS

THE STRENGTH OF OUR INITIAL teacher preparation lies in the very strong integration between content & pedagogical preparation, the design and development of which is strongly backed by evidence-based educational research. A strong partnership model between leading private schools and Chitkara University is seen through the many school-based practicum postings enabling student-teachers an opportunity to translate theoretical knowledge to practical application in teaching and learning.

This component, as the title suggests, is visualised as essentially a school based experiential learning for the student-teacher in not only aspects related to teaching, learning of their subject areas in the classroom, but also to gain insight and sensitivity into the holistic part played by teacher in sustaining and evolving school ethos.

During practicum, student teachers would be guided and assisted by their cooperating teachers at some of the best private schools of North India and Chitkara University faculty through systematic observations, assistance and advice. Our partner schools agree to give opportunities for them to become involved with and actively participate in all aspects of the school's activities and through these experiences, will learn to link theory and practice, and acquire the understanding and skills necessary for teaching effectively in a range of classroom situations.
