GENERAL EDUCATION

OUR PEDAGOGY

Our degree programs prepare students for the real world and offer the opportunity for practical, hands-on experience, internships and projects. Take advantage of this experience to gain the practical skills employers are looking for and open yourself to career opportunities. Academics at Chitkara University keep pace with workplace demands and ensure that students are “industry ready” and in touch with what’s expected in a professional environment.

Academic Excellence

Our academic programs enjoy a great reputation in the industry. To maintain our leadership position, we focus on inducting the best faculty from across the industry and academia. Our faculty is known for its strong academic orientation contributing to the creation of knowledge in a dynamic, ever changing environment. Classes are built around experiential learning where students are constantly encouraged to take conceptual framework and apply them. Teaching methods include lectures and tutorials that emphasise a learner-centered approach and application of knowledge. Faculty bring their rich experience into the classroom to enrich the learning process and ensure that the coursework reflects current industry practices.

Problem Based Learning (PBL)

Some of our courses are taught using the PBL approach where students apply their knowledge to solve problems they may encounter in a professional context and in doing so extend their experience beyond text books. Elements of real-life work scenario are brought into the classroom by the PBL approach. Students undertake a series of tasks that bring industry problems into the academic environment.

Applied & Project Based Learning

Applied learning is a hallmark of all teaching at Chitkara University. We believe that the best way to learn is by “doing” and that’s why we emphasise a hands-on approach. We lay stress on project based learning, thus, encouraging the need for independent thinking and creativity among students, resulting in interesting and novel projects. Further, a significant increase in the open category credits enables students to have a broad base, pursue interests and adopt a multi-disciplinary approach.

Specialisation Options

In every program, further specialisation and electives are offered in the final year of the study. To help a student in this task, various tracks have been identified through our curriculum geared towards a variety of specialisations. Our goal is to prepare students for a satisfying career. Following a particular curricular track will equip the students with the skills required for progressing further in the chosen career track.

Faculty

Chitkara University boasts of strong faculty with Masters and Doctorate degrees in different specialisations with appropriate academic and research bent of mind. The entire faculty has been drawn from leading academic institutions and corporations from across the country with years of teaching and research experience. Our faculty enjoy a good reputation and strong relations with leading industrial houses in terms of consultancy and research work. Our faculty not only focus on conceptual understanding of various academic concepts but also give first-hand experience to all students through role plays, experiential learning exercises, industrial visits and classroom lectures.

Guest Lectures

Guest lectures are regularly organised by eminent industry experts, entrepreneurs and HR managers from large and medium-sized companies to keep students abreast with latest trends and information.

OUR EDUCATION PROGRAMS ARE INNOVATIVE AND COMPREHENSIVE

Altering the DNA of an alpha Teacher was envisioned to meet the growing concern that teacher education program has remained unchanged in terms of substance, experiences offered and modalities adopted. It is a response to the need for well-prepared teachers in terms of 'quality', which is the essence of the teacher education program.

The entire structure of the Teacher Education Program has been revamped and redesigned in order to alter the DNA of existing teachers so that they can cater to the diverse needs of the 21st Century learners, **who have higher levels of digital literacy than their parents or teachers, and demand the freedom to show their creativity.** The 21st Century learners often referred to as Generation-Z and alpha Learners (born after 1995) need to be catered to differently.

The envisioned alpha Teachers are trained to meet the needs of the future generations by following a cutting-edge pedagogy, like engaging & exposing the alpha Teachers to Google Classrooms, Webinars, Student Exchange Programs, etc. along with facilitating rigorous internship in the Associate Schools. Workshops are also organised to keep them updated with the latest developments in the field of education. Regular field visits are also organised keeping in mind the close connection between school and the society. We believe, the evolved alpha Teachers would henceforth shape the future generation by taking the learners to the zenith of learning.

The Teacher Education programs which are divided into semesters, provide intensive field engagement of the students with our learning modules. The training is provided to the prospective teachers in close collaboration with the schools during which they receive coaching and mentorship from Program Curators of Chitkara College of Education. The hands-on training is supplemented with expert talks by professionals from across the country so that the students enter the teaching profession with skills and dispositions to help them become successful teachers while receiving mentorship and training from the program curators.

ACADEMIC PARTNERSHIP WITH CHITKARA INTERNATIONAL SCHOOL

Chitkara International School is an ecosystem where intellect evolves the application and potential becomes performance. Established in the year 2004, the school is located in the CITY BEAUTIFUL “Chandigarh”. The campus is spread over 3.65 acres of land and is positioned as one of the premier schools of North India.

CIS is accredited to the **Central Board of Secondary Education (CBSE)**, New Delhi. This advanced comprehensive program of study offers an integrated approach to learning across disciplines with an emphasis on meeting challenges in a global and technology – enabled society. Teaching is individualised and responsive to the talents of each student and the rigorous curriculum integrates the concepts and skills embedded within the major disciplines.

Chitkara International School has a longstanding reputation of doing the very best for each and every student.

2-Year Bachelor of Education

The Bachelor of Education (B.Ed) Program at Chitkara College of Education has been designed to nurture the alpha Teachers to become facilitators, and to create the understanding of using innovative tools and techniques in teaching.

PROGRAM OBJECTIVES

The B.Ed program is designed to meet the national and international standards, and are delivered by highly qualified faculty. The program has a balanced exposure to both academic and on-job training, and will be a full-time course of 2 years, including a compulsory internship.

Our intensive teacher training program focuses on enhancing the language proficiency and digital literacy of the alpha Teachers thus catering to the needs of Generation-Z and Generation-alpha Learners. It provides alpha Teachers with an opportunity to learn to function as a teacher under extended school internship through scholarship mode. The program harbours a 'Growth-Mindset' in alpha Teachers to equip them with basics of Child Psychology, that prepares them to become facilitators and creates an understanding of using innovative tools & techniques in teaching. The program empowers our alpha Teachers to become globally adaptive, digitally competent, and instills language proficiency among them to become lifelong learners and researchers. The other objectives of the program include fostering enthusiasm and skills among alpha Teachers, so that these too are transferred beyond the walls of school to the communities.

OUR PEDAGOGY

Our unique pedagogy involves various innovative teaching, teaching-learning, assessment tools and techniques used during two years of this enriching experience, which ultimately is bestowed upon our alpha teachers to apply in their respective classes once they start functioning as teachers themselves.

The program prepares alpha Teachers for real classroom teaching and offers opportunities for practical, hands-on experience and extended internship. Take advantage of this experience to gain practical skills employers are looking for, and open various avenues to exciting career opportunities.

Academics at Chitkara College of Education keeps pace with workplace demands and ensures that students are 'work ready' and in touch with what is expected by the Generation-Z and Generation-alpha Learners. We deliver our program through various modes, but primarily focus on faculty teaching, online, offline, guest faculty, teaching practice mode, among others. Some innovative pedagogical practices used are: Flipped Learning, Problem-Based Learning, Story Telling, Blended Learning and Comic Strips.

2-Year Master of Education

The Master of Education (M.Ed) program at Chitkara College of Education has been designed to nurture the α Teachers to become facilitators and deepen their knowledge & understanding of Education, as well as specialise in select areas to develop research capacities.

Program Objectives

The 2-year M.Ed. program is designed to provide opportunities for students to extend as well as deepen their knowledge and understanding of Education, specialise in select areas, and also develop research capacities, leading to specialisation in either elementary education, secondary education or post secondary education.

Master of Education (M.Ed.) can be a second step for those already teaching, or a first step into education for those that have been in a related field. This program deals with the study of methodology of educational research, and social & psychological foundations of the discipline.

Our Pedagogy

Our unique pedagogy involves providing students with advanced knowledge of educational foundations, learning theory, multi-culturism, inclusion and critical issues in education. It offers teachers essential knowledge and skills to support emerging professionals in their fields, while providing a flexible and individualised academic experience.

The 2-year program is divided into 4 semesters. Some of the core-courses that are part of this Advanced Teacher Education Program are: Philosophy of Education, Human Development, Learning & Teaching, Curriculum Studies, Research in Education, School Leadership, Technology Literacy, among others. During the course work the students will also undertake a one-year research inquiry or professional project. The students are encouraged to consolidate their understanding of educational issues and relevant professional and academic research during the final module of their degree.

Master of Education (M.Ed.) Degree can open up doors to new careers within the educational realm. This program is also relevant to those who decide to make a change in the career and want to pursue non-teaching opportunities in Education Sector.

CAREER OPPORTUNITIES

OUR PROGRAMS PAVE THE WAY TO A BRIGHT FUTURE FOR αLPHA TEACHERS

Our αalpha teachers, once shaped, have abundant career opportunities and great placement prospects, in a variety of work areas. They can work in the following areas:

- **As a Teacher:** Our αalpha Teacher can work in school education and higher education or can join any corporate as a Trainer/Master Trainer after the acquisition of the skills that he/she acquires during the program.
- **As a Guidance worker:** Our αalpha Teacher has the capacity to guide and support students and provide them with the required help in regards to academics, personal, parental and social pressures.
- **As a Mentor:** Our αalpha Teacher is imparted with the skills to act as an advocate for students' well-being and as valuable resource for their educational advancements.
- **As a Researcher:** Our αalpha Teacher, post the completion of the program, is well-equipped to identify gaps in the teaching-learning process, find solutions and publish his/her research work.
- **As an Educational expert:** Our αalpha Teacher has the expertise in working with top-class educational service providers functioning in the market, ranging from online course providers to online content delivery providers.
- **As an Examiner:** Our αalpha Teacher develops an insight into how assessment decisions are made and can work as an efficient examiner with educational institutions.
- **As a Co-ordinator:** Our αalpha Teacher is groomed to undertake the responsibilities of a department head/Coordinator in schools managing the day-to-day challenges.
- **As a Curriculum Developer:** Our αalpha Teacher can easily take over the role of a Curriculum Developer as our program develops the skill to Plan, Design, Organise, Manage and Implement an academic curriculum.
- **As an Administrator:** Our αalpha Teacher is equipped with advanced skills to support and move beyond the classroom into an Administrative role that provides leadership for the entire school.
- **As a Principal:** Our αalpha Teacher is equipped with the requisite skills, which would help him/her take the position of Principals in their careers ahead.
- **As a Data Manager:** Our αalpha Teacher is trained enough to provide accurate data and up-to-the-mark interpretation of pupil information.
- **As an Interview Panelist:** Our αalpha Teacher is trained to ask intelligent and genuine questions in order to develop a positive rapport with the interviewer.
- **As an NGO Worker:** Our αalpha Teacher can be employed by non-profit organisations to provide children from low-income communities with high-quality education, enabling them to maximize their potential and transform their lives.
