WELCOME TO CHITKARA UNIVERSITY

Chitkara Educational Trust established its Punjab campus in the year 2002 on Chandigarh-Patiala National Highway which is 30kms from Chandigarh. In the year 2010, Chitkara University was established by the Punjab State Legislature under "The Chitkara University Act".

Chitkara University is a government recognised university with the right to confer degrees as per the Sections 2(f) and 22(1) of the UGC Act, 1956. Chitkara University, Punjab, is a multi-discipline student-centric campus with more than 20,000 students.

SMALL WORLD

It is the cumulative effect of an elaborate in-campus academic infrastructure; strong national and international collaborations; and a robust on-campus recruitment record-including regular recruitment by blue-chip companies-that the University finds favour with national as well as international students.

At Chitkara University, Education is not only "State-of-the-art" but truly "Straight-from-the-heart". Everything we do, shares the same mindset.

In accordance with Chitkara University strategy, we allocate maximum resources for excellence in teaching and learning. Our approach at Chitkara University is learning-centric, enhancing knowledge, skills and understanding through practical exposure.

The university strives to give its students a rich, holistic experience and the campus is pulsating with action, catering to interests across the spectrum, with something for everyone. We embrace every student joining us with open arms honouring and nurturing their individuality as we steer them towards realising their potential.

INDUSTRY-LED COURSES

We maintain close links with leading blue-chip companies and professional associations to deliver our academic programs accordingly.

Strong corporate relationships also have a direct influence on our degree programs and have resulted in our "industry facing" curricula. This ensures that our education is up to date and valued by employers.

GREAT CAMPUS RECRUITMENT

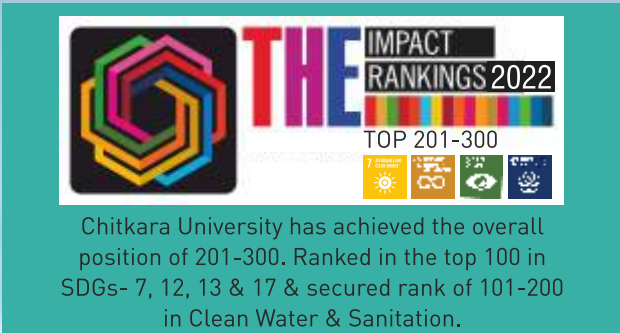

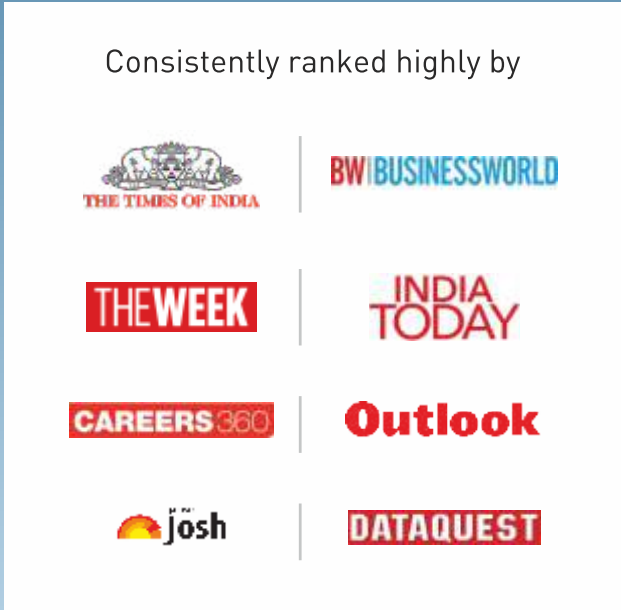

Chitkara University has established an unassailable reputation for strong campus recruitment by sheer virtue of our focus on making our graduates "industry ready".

START ME UP

The possibility to combine business and technology in their studies gives our students unique opportunities to build their future careers, be it through top-class companies or capitalising on their own innovations in order to create new businesses.

Chitkara University is your launch pad.

CITY BEAUTIFUL

Chandigarh

A MILLION PEOPLE; INFINITE POSSIBILITIES

Chandigarh is undergoing rapid urbanisation and the transformation has been holistic and all-inclusive. Over the years, the city has made remarkable progress in terms of physical infrastructure and business environment and has emerged as an economic growth centre with one of the highest per capita incomes in India.

Ample opportunities are available to work and grow in the IT, BPO and pharmaceutical sectors in the region. It has proven to be a magnet for potential employers and employees.

The open hand is the official emblem of Chandigarh; it symbolises the city's philosophy of being "open to give" and "open to receive". Chandigarh has seen the growth of some major start-ups over the last few years. The city has kept pace with the ever evolving education sector to become one stop destination for all education needs. This makes Chandigarh ideal for students who wish to enjoy the blend of rich culture of city life and the peaceful environment that Chandigarh offers.

Chandigarh is easily accessible from Delhi, Haryana, Punjab, Himachal Pradesh and metropolitan cities with various modes of transportation, viz. buses, trains and direct flights, both national and international, from Dubai, Singapore, Sharjah, etc.

OUR UNDERGRADUATE PROGRAMS WILL PREPARE YOU FOR EVERY KIND OF CAREER CHALLENGE

Option to get an Honours degree in BBA and B.Com.

Our 3-Year BBA and B.Com program offers the opportunity to extend your studies by one year and graduate with an Honours degree. In the fourth year, we offer our students the following three distinct options to choose from, each designed to elevate their academic and professional capabilities: Advanced Majors, Research and Internship.

Our Faculty

The faculty at Chitkara Business School includes experts from core academics with experience in both academics and industry. You will get to learn from academic scholars with doctorate degrees, experts from industry and authors of important works in the fields of Business, Economics & Research further helping you develop a fresh approach in the field of Marketing, Finance and Human Resource Management.

We also invite renowned professionals from various domains, including Banking, Finance, Telecommunication, Healthcare, Financial Markets, Infrastructure, Public Services Departments, Airlines & Tourism, Research Agencies, Manufacturing, Iron & Steel, Textiles, Information Technology etc., to share their experiences with our students from time to time. You will experience Chitkara Business School's rigorous, comprehensive curriculum in which you will master the essential skills of Business Management and Leadership. After fulfilling the requirements of the core curriculum, you have the flexibility to tailor your education to meet your specific goals and interests through a wide variety of elective offerings and study abroad opportunities.

Business Communication

Effective communication and presentation play a key role in our teaching methodology. Students are divided into different groups and are made to present street plays. This exercise is initiated to improve their communication, team work and linguistic abilities.

The Chitkara Business Simulation

Groups of students apply the skills acquired in finance and other courses to develop and implement actual trading strategy. Workshops on Business Simulation and the use of research tools such as SPSS are regular features to support the developing minds of students.

Chitkara Mandi

Students set up their own shops, contact NGOs and sell their products to actual customers in the marketplace to sensitise themselves to business situations. We call it 'Apni Mandi'.

Summer Internships

Our Undergraduate / Graduate students go for a mandatory four weeks' summer internship in the month of June. The first year, you will intern with an NGO in your area, to understand societal issues and grassroots problems. In the second year, the internship will be with a micro or small enterprise to understand the basics of setting up and running a business venture.

PREPARE FOR **SUCCESS**

In year one, we're already talking about your future career and that dialogue continues well beyond graduation and your first job. We help you show the world what a Chitkara Business graduate is smart, versatile, used to taking on challenges - and ready to drive change.

When you're just starting University, it can be a bit overwhelming to think about graduating and launching your career. Our Career Services team is here to support you throughout your time at Chitkara University. We help you craft a job search strategy built around learning objectives and practical experiences that you'll lean on throughout your professional career.

At Chitkara University, we divide your career journey model into three phases:

- **Your 1st Year is the Discover phase**, as you map out your academic path and become part of the Chitkara community, you'll want to complete our career leader assessment to determine your skills, strengths and values. Your career services coach will help you interpret the results and consider what sectors and roles might be right for you.
- **Next is the Develop phase**, in which you build a toolkit for promoting your strengths and experiences. We offer workshops on writing an effective résumé, cover letter and LinkedIn profile, as well as programs reinforcing the value of networking and mentorship and exploring potential career paths in specific industries.
- **In your final semesters, you shift to the Action phase**, refining your job search strategy as you interact with employers at recruitment and networking events. And even after you graduate and start your first job, your career journey continues. The process you learn to navigate at Chitkara University is one you'll turn to, many times over as your career advances and evolves.

Alumni Mentorship and Networking

Through our mentorship program, you're paired with an appropriate Chitkara Business School alum based on your strengths, interests and long-term aims. Your mentor guides you in exploring various industries and roles, offering insights grounded in experience. And as you gain new perspectives on the dynamics of business and your potential career options, you build a valuable relationship for the future.

Program Overview

The globalisation of the Indian economy has compelled businesses to face global competition and embrace the best of strategies to stay relevant and competitive. The onus has come more on the educational institutions to equip students with the requisite skill sets to find a meaningful place in the global workforce. One could create a great product or a service but till it finds its match, i.e., a 'user', it ceases to be great. And that is what BBA Professional students accomplish. They devise 'reasons' for the end users to make a product or a service almost a necessity for its targeted audience. At Chitkara Business School, we continue to reimagine our program by incorporating the latest global trends and the success stories in our business curriculum. We closely follow the trends and the evolving marketing strategies, coupled with a strong industry participation to stay ahead of the curve. Our faculty brings in-depth experience, academically as well as professionally to keep students abreast with the most relevant business strategies.

With accelerated technological advancements, the marketing trends have been evolving and transforming rapidly. BBA Professional program at Chitkara Business School provides a strong foundation in core business disciplines such as General Management, Accounting, Marketing, Finance, Organisational Behaviour and Strategy to help future graduates study consumer behaviour and create products or services that will find its consumers.

Industry internship is an important and a mandatory component of the program curriculum. The internship is designed to give students an exposure to organisational working in order to learn effective application of theoretical concepts in "real-time" scenarios. During and after the internship, students are put through a rigorous evaluation process, where the performance/evaluation reports are prepared by the industry supervisors, on conceptual and behavioural capabilities displayed by the student intern.

B.A. in Economics with Data Science

3-Year Bachelor Program

The B.A. Economics with Data Science program is designed to produce graduates trained in the application of knowledge in economics to real-life economic, financial, ethical and analytical problems encountered in the economy.

The course will enable the students to effectively apply their knowledge and skills to situations of economic, institutional and policy making both in governance and industry.

This unique course offers the opportunity of studying the traditional curriculum in economics alongside advanced data analytics and data science methods.

The principal courses include introductory microeconomics and macroeconomics, statistical techniques for economics and mathematical techniques for economics.

The course has a rigorous focus on quantitative techniques and research methods which will orient the students in dealing with economic problems with a practical and analytical approach.

The comprehensive and wide scope of the course ensures that students receive sufficient experience of the current issues and crisis of the world especially that of the emerging economies.

The second year would comprise intermediate microeconomics and macroeconomics, introductory econometrics, Indian Economy, public economics and development economics. In third year, students will have the option to pursue electives apart from intensive focus on Applied Econometrics and Financial Economics.

Students will have a 6-month internship in the last semester with major financial institutions and government organisations, providing invaluable real-world experience and networking opportunities.

In addition to Economics, some of the Data Science modules covered are:

Data Warehousing and Cloud Computing
