SAFE & SOUND

We take great pride in looking after our students. We have zero tolerance to ragging.

City Beautiful Chandigarh

A MILLION PEOPLE;
INFINITE POSSIBILITIES

Chandigarh is undergoing rapid urbanisation and the transformation has been holistic and all-inclusive. Over the years, the city has made remarkable progress in terms of physical infrastructure and business environment and has emerged as an economic growth centre with one of the highest per capita incomes in India.

Ample opportunities are available to work and grow in the IT, BPO and pharmaceutical sectors in the region. It has proven to be a magnet for potential employers and employees.

The open hand is the official emblem of Chandigarh; it symbolises the city's philosophy of being "open to give" and "open to receive". Chandigarh has seen the growth of some major start-ups over the last few years. The city has kept pace with the ever evolving education sector to become the one-stop destination for all education needs. This makes Chandigarh ideal for students who wish to enjoy the blend of rich culture of city life and the peaceful environment that this city offers.

Chandigarh is easily accessible from Delhi, Haryana, Punjab, Himachal Pradesh and other metropolitan cities through various modes of transportation, viz. buses, trains and direct flights, both national and international, from Dubai, Singapore, Sharjah, etc.

+

'Heart skills'
(ethical and social
responsibility)

OUR CURRICULUM PREPARES YOU FOR EVERY KIND OF LEADERSHIP CHALLENGE

You will experience the Chitkara MBA's rigorous, comprehensive curriculum in which you master the essential skills of Business Management and Leadership. After fulfilling the requirements of the core curriculum, you will find a high degree of flexibility to tailor your education to meet your own goals and interests through a wide variety of elective offerings and study abroad opportunities.

FOUNDATION COURSES	UNIVERSITY CORE	GLOBAL STUDIES	SPECIALISATION
TECHNOLOGY STUDIES	ENTREPRENEURSHIP STUDIES	CRITICAL THINKING	GENERAL EDUCATION

THE CORE

The Chitkara MBA curriculum consists of more than 20 mandatory core courses that provide the analytical tools and essential knowledge to lead effectively. For example, you will learn how to set direction in your strategy course, and how to manage complex projects and enterprises in your operations course. Throughout the core course, you are taught the lessons of leading responsibly. Core courses, which make up for about 40% of a student's course of study, are usually all taken in the first year.

ELECTIVES

A central feature of the Chitkara MBA program is its level of flexibility that enables you to customise your studies according to your own goals. An impressive list of original elective courses comprises 40% of the curriculum, which means that you begin to design your own course of study in the first year of the program itself. You may choose from a wide variety of constantly evolving electives and dual degree offerings with the partner Universities globally.

GLOBAL PERSPECTIVE

Global experience is an integral aspect of the Chitkara MBA experience. Global business is part of many courses, including courses with a specific focus on international topics, such as Global Strategy and Multinational Enterprises and doing business in China, Marketing in Gulf and Islamic Banking. You are encouraged to take advantage of international opportunities, such as spending a semester abroad, attending international seminars, planning study trips to other countries during breaks, or serving as a consultant through the International Business Development Program.

LEARNING BEYOND THE CLASSROOM

Providing students with hands-on exposure to real-world business situations is a key strength of the Chitkara MBA Program. You are required to take an experiential course that emphasises innovative leadership. Additional experiential learning activities are required in many courses. You can also participate in numerous out-of-classroom opportunities that build upon your leadership skill set. Teamwork is emphasised throughout, including skill development and group coaching on how to be optimally effective in teams.

SOME OF THE MAJOR RECRUITERS WHO HAVE HIRED GRADUATES FROM CHITKARA BUSINESS SCHOOL OVER THE YEARS.

Apart from our highly ranked MBA programs, Chitkara Business School's Ph.D program in Management is well reputed among working executives across the industry.

While an MBA degree can get one the abilities to solve tactical business problems, it requires a Ph.D, equipped with research skills to provide real insights and thus help an organisation tread the right path. Through a doctoral program, an experienced working executive can contribute to the field of management science by doing research on the problems and issues in contemporary business world in a rigorous and relevant way.

The doctoral program at Chitkara University is different from a traditional Ph.D in Management as it is uniquely designed for accomplished executives who seek advanced knowledge, skills and perspectives of doctoral education without interrupting their careers.

With more than 500 senior leaders across bluechip companies currently enrolled and more than 200 alumni, Chitkara Business School's Ph.D program has become one of the premier doctoral programs of the country.

Professionals from the following companies have joined our program so far:

Chitkara University bestowed Honorary Doctorate on

ENTREPRENEURSHIP & INNOVATION SPECIALISATION

Whether you already have an idea for a startup or are still brainstorming, Chitkara University's specialisation in Entrepreneurship and Innovation offers workshops to help you develop and refine your strategy before you jump into building an actual company. You can take part in Chitkara University's 'Launch Your Big Idea' program and gain the necessary training and resources to prepare your startup for success - plus a chance to pitch your idea and win seed funding. You can also connect with like-minded student entrepreneurs through events hosted by the Chitkara Innovation Incubator.

Chitkara University's Entrepreneurship programs for our Business graduates is designed to prepare future entrepreneurs with the skills and knowledge to start their own businesses. The specialisation will focus on identifying, analysing and evaluating global and local business opportunities, creating new independent business ventures or new ventures within existing firms; developing creativity and understanding innovation; environment assessment for new ventures; marketing research and developing effective business plans to obtain financing, legal issues related to starting and operating a family-owned business.

Major learnings from these programs will be:

- Be critical thinkers who are capable of identifying business opportunities by using cutting-edge analytical tools.
- Communicate clearly to develop and evaluate business plans and funding proposals.
- Apply relevant financial principles to assess start up capital needs, cash flow needed for growth, break-even analysis and pre- and post-funding.
- Effectively understand and implement a marketing plan for a new venture.

GET MENTORED BY LEADING ENTREPRENEURS

CHITKARA ALUMNI NETWORK

The richest people in the world look for and build networks. Everyone else looks for work.

The Chitkara Alumni Association Network (CAN) is the formal Chitkara University Alumni Association that welcomes Chitkara University's alumni on board to engage with their alma mater. With national and international chapters in several key locations worldwide, CHITKARA ALUMNI NETWORK aims to enable alumni, students, faculty and staff to maintain their contact with the university and each other for their shared benefit and for the vital support and development of CHITKARA UNIVERSITY.

One of the strongest bonds that survives with our students' over the years is the class bonding and CAN provides a forum to strengthen this bond. We have CAN chapters in Chandigarh, New Delhi, Bengaluru, Pune, Hyderabad and many other cities in India and also in Toronto, Canada.

Alumni to Alumni

Find old friends and connect with other alumni. Join our official Chitkara Alumni Network page CAN and become a part of a huge global community.

Alumni to the World

Our Alumni discover business opportunities through Chitkara Alumni Network all over the world and across industries.

Career Services

The career services maintain a close relationship with the alumni who significantly support on-campus activities and also help finding national and international job/internship positions. CAN helps our students stay in contact and dialogue with us, take part in the manifold events we offer them, make use of the various information services and actively engage with words and deeds.

MBA Specialisations with Integrated AI Minor for Future Leaders

At Chitkara Business School, what truly sets our MBA apart is the integrated Minor in Artificial Intelligence in Business, offered across all specialisations. This pioneering five-course, 10-credit minor empowers students with cutting-edge skills in AI, machine learning, generative tools, and automation. With practical exposure to platforms like ChatGPT, Copilot, and intelligent agents, our students gain the ability to drive innovation, streamline processes, and make data-backed decisions—preparing them to lead in an AI-powered business landscape.

Minor in Artificial Intelligence (AI) in Business

In today's data-driven economy, the ability to harness Artificial Intelligence is no longer optional — it's essential. The Minor in Artificial Intelligence in Business equips MBA students with practical expertise in AI, automation, and generative tools. This minor enables MBA students to complement their domain expertise in areas like marketing, finance, HR, or supply chain with AI competencies that are transforming business practices worldwide, which in turn, enhances their career prospects in a technology-driven world,

From enhancing customer insights to automating workflows, graduates will be equipped to add strategic value in any role. You will also learn to interpret data more intelligently and make faster, more informed decisions across business functions. The minor, thus, promotes a mindset of continuous innovation, adaptability, and digital leadership.

Beyond foundational AI and Machine Learning concepts, the curriculum dives into the use of generative AI tools, intelligent agents, and ethical AI frameworks. With direct exposure to tools such as ChatGPT, Copilot, and RAG-based systems, students gain practical skills to solve real-world business challenges. This minor gives our graduates a competitive edge in the job market and prepares them to lead innovation in any organisation they join.

The Minor in Artificial Intelligence in Business comprises 10 credits, with 2 credits assigned to each of the five courses. Designed for all MBA streams, this focused syllabus equips students with essential AI and business integration skills for today's evolving tech-driven landscape.

The courses you will cover are:

Course 1: Introduction to Artificial Intelligence and Machine Learning

- Learn what AI is and how it's transforming industries today
- Explore supervised, unsupervised, and reinforcement learning, along with essential data processing techniques
- Explore how neural networks and datasets work together to create smarter AI systems
- Explore advanced architectures and how they can solve complex tasks

Course 2: Generative AI

- Learn core principles and widely available models like GPT, Gemini and more
- Dive into advanced concepts like prompt engineering, Retrieval-Augmented Generation (RAG), and dense embedding
- Gain practical experience using leading tools such as ChatGPT, Copilot, and DALL-E
- Explore how to leverage Generative AI for innovation

Course 3: AI Agents and Automation

- Learn about AI Agents with examples of their uses
- Learn how to automate repetitive tasks
- Understand how to build AI-powered workflows
- Gain practical experience in setting up and managing AI-driven workflows

Course 4: Applications of AI in Business

- Harness AI tools for innovation and efficiencies
- Understand how to leverage AI for enhanced customer insights
- Learn how to optimise and streamline processes across business functions
- Explore how to transform product and service delivery

Course 5: AI Ethics and Future Trends

- Understand ethical considerations in AI
- Gain insights into the safeguards and emerging trends that will shape the future of AI

MBA in Marketing

2-Year Full-Time Program

The dynamic world of marketing comes to life through a diverse range of programs from marketing research & analytics to digital & social media marketing. Gain insights into today's complex marketing landscape and discover how marketing-savvy companies use digital and traditional media to drive sales with MBA in Marketing at Chitkara Business School.

Chitkara Business School's faculty and students are uncovering new truths and redefining contemporary marketing practice by asking and answering the questions that help organisations decide which consumer segments to target and which products and services to produce. The marketing curriculum involves a comprehensive study of concepts that prepare students to set appropriate levels of branding, promotion, pricing and other tactical elements that generate sales.

Program Highlights

The program blends theoretical and practical applications to address all areas of the marketing process, including the strategic role played by marketing in meeting customer needs, marketing products and services, pricing and promotion and marketing ethics.

Through lectures, case studies and group discussions, you examine topics such as marketing theory, contemporary issues in marketing, market research, the psychology of special markets, social conscience and marketing, advertising and communications. Make valuable connections with business leaders and gain key industry insights from experienced instructors who will arm you with a robust marketing tool kit and coach you to success.

Laser Focus on Marketing

A strong focus on Marketing can help provide critical inputs for decision-making in strategic areas. Marketing's important role in strategic decision-making also makes these courses a good choice for those with interest in Finance, Strategy, Entrepreneurship or Operations.

Core focus on our Marketing Programs:

- Brand Management
- Digital Marketing
- Distribution Management
- E-Commerce
- Marketing Analytics
- Product Management
- Retail Marketing
- Rural Marketing
- Sales Management
- Revenue Generation
- Promotions and PR
- Advertising

The success of any product or service in the world today depends on a sound marketing strategy. Period. This has resulted in an unprecedented rise in demand for qualified marketing professionals making Marketing the most preferred choice when it comes to courses in MBA. Addressing this growing need for skilled Marketing professionals, Chitkara Business School offers a career-focused MBA in Marketing program that transforms you into a successful marketer.

Program Structure

At Chitkara Business School, we continue to reimagine Marketing by closely following the evolving marketing strategies and incorporating the latest global trends in our business curriculum, coupled with a strong industry participation to stay ahead of the curve.

Given below are some of the companies that hire our MBA graduates from Marketing domain:

MBA in Finance

2-Year Full-Time Program

The specialised MBA in Finance program at Chitkara Business School is built to create competitive leaders, focusing on managerial skills and strong financial knowledge. You will learn from financial specialists who use applied projects and case studies to help you develop analytical skills.

Chitkara Business School alumni, students and faculty are taking on global financial challenges and opportunities through alternative investments, fintech, impact investing and financial inclusion.

A uniquely designed curriculum and two parallel learning paths make this Finance Management program ideal for professionals looking to upgrade their careers. Our exceptional approach to professional education redefines your industry knowledge and effectively compounds your occupational abilities throughout the learning journey.

Upon completion of the advanced finance program, you will attain Chitkara alumni status and gain access to resources that facilitate professional growth through lifelong learning opportunities.

Program Highlights

CBS finance and banking program has remained at the forefront of finance education and research. We offer premier courses, publish research, and hold seminars and conferences from time to time.

Advance your knowledge with practical courses such as Business Cases and Applied Business Management. These courses use hands-on lessons and projects to help you gain experience with real-world scenarios. You will take part in investment portfolio games, case studies of actual corporate financials and collaborative assignments to help you put everything you've learned in the classroom to work.

Our MBA in Finance focuses largely on:

- Corporate Finance
- Strategic Financial Management
- Valuation Models
- Investment Banking & Portfolio Management
- Banking & Operations Management
- Modern Banking & Technology
- Credit Analysis & Advances
- Commercial Banking
- Venture Capital & Private Equity
- Mergers & Acquisitions
- International Finance
- FinTech
- Actuarial Science
- Financial Analysis
- Risk Management & Audit Assurance
- Market Operations

The program prepares students for highly successful careers in Asset Management, Investment Banks, Broker-Dealers and Management Consulting Firms, other financial institutions, as well as CFO positions in non-financial corporations, not-for-profit entities and key positions in private and government banks.

Program Structure

Our MBA program is 2-Year full time degree including eight trimesters of three months duration each. The program provides students with the tools required to take on financial leadership roles in both the private and public sector. While attention is given to historical and institutional aspects, the primary emphasis is on analytical methods that make extensive use of cutting-edge techniques.

We lay great emphasis on blended learning methodology that combines classroom interaction, self-study modules, enriched by research and experiential learning. Our expert faculty in the fields of Financial Markets, Financial Institutions, Corporate Finance and Quantitative Methods offer high quality education in both, theory and application.

Some of the subjects that will be covered during the program are:

Core Courses

- Organisational Behaviour & Management Principles
- Economics for Managers
- Statistics for Managers
- Financial Accounting
- Cost & Management Accounting
- Financial Management
- Human Resource Management
- Business Ethics & Values
- Operations Management
- Business Research Methods
- Social Entrepreneurship

MBA in Finance

Super Specialisations

After the completion of the 1st Year of Finance, students will have the option to pursue from following niche areas of core finance industry.

Investment Banking, Corporate Finance & Wealth Management with CXO NextGen

This MBA program is exclusively designed, delivered, and mentored by top business leaders (CXOs) who form the CXO NextGen Centre of Excellence at Chitkara University. Over 3,000 senior industry leaders from renowned consultancy firms, including the Big 4 (PwC, EY, Deloitte, KPMG); corporates like Volvo, Mahindra, Maruti, Wipro; investment banks and rating agencies like Morgan Stanley, JP Morgan, Credit Suisse, Bank of America, and Moody's; banks like HDFC, Citi, ICICI; and unicorns like Flipkart, Udaan, and CarDekho, are part of this initiative. This is India's first and only MBA in Finance with a focus on Investment Banking, Corporate Finance, and Wealth Management, aimed at shaping the finance leaders of tomorrow.

Environment, Social, and Governance

MBA Finance students specialising in ESG gain a strategic advantage in today's business landscape, where sustainability and responsible practices are increasingly prioritised. This specialisation equips them with the skills to integrate ethical, environmental, and social considerations into investment decisions, risk management, and corporate strategies. As demand for ESG expertise rises, these students are well-positioned to drive long-term value and business resilience.

Financial Analysis (CFA Level 1)

MBA in Financial Analysis specialisation empowers students with a strong foundation in financial statement analysis, valuation techniques and investment strategies that are paramount in making informed decisions. This program's hands-on projects and rigorous coursework ensures that students graduate with a sharp skillset to confidently evaluate investment opportunities. A future in financial analysis, investment management or corporate finance awaits graduates of this program.

Global Financial Market Operations with CISI

Our MBA specialisation in Global Financial Market Operations equips you to master international finance, securities, and operations. With a global outlook, you'll gain expertise in foreign exchange, international investment strategies, and cross-border transactions. You'll also develop key skills in risk assessment and global portfolio management, preparing you to excel in the competitive, interconnected financial marketplace. This program offers a top-notch pathway for advancing your career in global financial markets.

NISM - Financial Markets

This super specialisation provides a deep dive into the intricacies of India's financial markets. This specialisation equips students with the essential knowledge and skills to navigate the complex landscape of securities, derivatives, and other financial instruments. Students gain expertise in market analysis, risk management, investment strategies, and regulatory compliance, making them valuable assets in the financial industry.

Risk Management & Audit Assurance with Grant Thornton

The MBA specialisation in Risk Management & Audit Assurance empowers students to confidently spot, evaluate, and counter risks in any organisation. By blending rigorous coursework and genuine case studies, students attain mastery in risk management frameworks, internal auditing processes, and regulatory compliance. Students of this program have the added advantage that they are equipped to excel as auditors, risk managers, or compliance officers.

AML, Mortgage and Commercial Lending in association with WNS

An MBA with a focus on Anti-Money Laundering (AML), Mortgage Underwriting, and Commercial Lending opens diverse and high-demand career paths in the finance sector. These specialisations equip students with critical skills in risk management, regulatory compliance, and credit analysis. AML expertise is essential for safeguarding financial institutions against illicit activities, while mortgage underwriting provides key insights into property financing. Commercial lending focuses on assessing and structuring loans for businesses. Graduates can pursue careers as compliance officers, underwriters, or commercial loan officers, all of which offer excellent growth potential and opportunities to work with top financial institutions globally.

FinTech

The MBA specialisation in FinTech explores the intersection of finance and technology, with the aim of preparing students to navigate the evolving landscape of financial services. The program focuses on developing innovative solutions such as blockchain, artificial intelligence, and digital payments, while also providing a foundation in traditional finance principles.

MBA in Human Resource

2-Year Full-Time Program

The greatest asset of any business is its people. Human Resource professionals help guide organisations with sound practices—hiring the right people, training them to be effective, and developing strategies to motivate and inspire. Through our MBA in Human Resource (HR) Management program, developed in collaboration with the Society for Human Resource Management (SHRM), students will explore the essential elements of HR management and how it contributes to organisational goals. Emphasis throughout the course is placed on the strategic role of HR in today's business environment.

Program Highlights

As businesses become more competitive and legislative changes grow increasingly complex, the demand for HR professionals who can facilitate organisational change continues to rise. Our MBA in HR program, designed by industry experts, incorporates all the elements of modern HR courses. Our program provides both theoretical and practical insights into the field of human resources, along with current, employer-valued perspectives.

You will apply core competencies of organisational effectiveness, including staffing, employee & labour relations, compensation, training and development, health and safety, and HR systems management.

The Human Capital Resource Centre (HCRC) is a Centre of Excellence in HRM at Chitkara Business School. This pioneering initiative is pivotal in connecting education with industry and facilitates a unique mentor-mentee program that pairs HR industry leaders with aspiring HR professionals.

In the 1st Year, HR students complete core and specialised HR courses, followed by an internship at a blue-chip company in the 2nd Year. This personalised, on-the-job training bridges the academic-industry gap, fostering lifelong mentorship and launching HR professionals into corporate success.

Some of the functional HR modules covered in our MBA program are:

- Recruiting & Staffing
- Labour Laws
- Benefits
- Compensation
- Employee Relations
- HR Compliance
- Organisational Design
- Training & Development
- H.R.I.S. & Payroll

Chitkara Business School offers MBA in Human Resource Management in collaboration with SHRM, which is the world's largest HR association.

SHRM creates better workplaces where employers and employees thrive together. As the voice of all things work, workers and the workplace, SHRM is the foremost expert, convener and thought leader on issues impacting today's evolving workplaces. With nearly 325,000 members in 165 countries, SHRM impacts the lives of more than 235 million workers and families globally.

Program Structure

In an increasingly complex working environment, the services of a competent human resource professional are highly valued. Thriving organisations employ HR practitioners to manage their most important resource-employees. Our MBA in Human Resource program provides students with functional knowledge in core areas of human resources.

Core Courses

- Marketing Management
- Organisational Behaviour & Management Principles
- Economics & Statistics for Managers
- Financial Accounting
- Cost & Management Accounting
- Financial Management

Top Campus Recruiters

Some of the major companies who have recruited our HR graduates in the previous years are:

MBA in Data Science and Artificial Intelligence

2-Year Full-Time Program

The 2-year MBA in Data Science and Artificial Intelligence (AI) program is designed to equip graduates with the expertise to harness the power of data analytics and artificial intelligence (AI) to drive business decisions and strategies.

Developed in collaboration with world's leading consulting firm EY India, this program prepares students for a future where AI is a game-changer across industries, transforming how businesses operate by automating tasks, enabling smarter decision-making, and creating innovative solutions.

In a world where data is the new currency and AI is transforming industries, the need for business leaders who can harness these tools has never been greater. The MBA in Data Science and Artificial Intelligence is designed for professionals who aspire to lead in the rapidly evolving landscape of technology and business.

This unique program merges the principles of business administration with the technical expertise of data science and AI, equipping you to make strategic decisions based on data insights and innovation.

Tailored for students and professionals alike, this program addresses industry needs by training graduates to apply AI and data science methodologies to solve complex business challenges, paving the way for innovation and competitiveness in the data-driven future.

The MBA in Data Science and Artificial Intelligence equips you with the skills to gather, analyse, and interpret data, while using AI-driven techniques to enhance business decisions. As AI continues to evolve, its integration into business processes is becoming essential, shaping industries and unlocking new growth opportunities.

This dynamic course combines theoretical learning with practical application, involving real-world problems to create innovative systems, products, and business outcomes. Businesses today demand professionals who can effectively integrate data, AI, and business insights to improve ROI, streamline processes, reduce costs, create intelligent products, and enhance customer experiences. The program provides essential skills in data science, AI, business strategy, and programming.

Key Program Features

- Focus on advanced data analytics and AI tools for managers.
- Application of AI-driven techniques like machine learning and Natural Language Processing (NLP) for business analysis.
- Developing the ability to extract meaningful insights from large datasets and effectively present findings using Business Intelligence (BI) tools.
- Hands-on learning with cutting-edge tools and technologies to perform advanced business analysis.
- The program is structured to help graduates leverage AI-powered analytics to gain insights into business trends and develop predictive models for informed decision-making.

Knowledge provider

Shape the future
with confidence

This specialised MBA program in Data Science and Artificial Intelligence blends core business management principles with advanced data science techniques and AI applications.

This unique program merges the principles of business administration with the technical prowess of data science and AI, equipping you with the skills to make strategic decisions based on data insights and innovation.

A Dual Focus on Business and Technology:

Our curriculum is crafted to provide a strong foundation in business administration while simultaneously offering in-depth knowledge of data science and artificial intelligence. You'll gain expertise in traditional MBA subjects such as leadership, finance, marketing, and operations, while mastering cutting-edge technologies like machine learning, predictive analytics, and AI-driven decision-making.

Advanced Courses in Data Science and AI:

With the increasing reliance on data-driven strategies, this program includes specialised courses such as:

- **Machine Learning and Deep Learning:** Understand the core algorithms driving AI.
- **Big Data Analytics:** Learn to analyse massive datasets for valuable insights.
- **Natural Language Processing (NLP):** Explore how AI can process and understand human language.
- **Data Visualisation and Storytelling:** Convert data into actionable insights with powerful visual tools.
- **AI for Business Strategy:** Leverage AI to optimise business operations, enhance customer experiences, and drive innovation.

Real-World Application and Capstone Projects:

Theory comes to life with hands-on learning. Throughout the program, you'll work on real-world projects, applying data science and AI techniques to solve complex business problems. Our capstone project lets you collaborate with industry partners or work on a startup initiative, gaining practical experience in implementing AI-driven solutions in business settings.

Industry-Relevant Skill Development:

In addition to theoretical knowledge, this program emphasises practical skills that today's employers demand:

- **Programming and Data Analysis Tools:** Proficiency in Python, R, SQL, and data visualisation platforms such as Tableau and Power BI.
- **AI Model Deployment:** Learn to deploy machine learning models in production environments.
- **Cloud Computing and Big Data Technologies:** Hands-on experience with platforms like AWS, Google Cloud, and Hadoop.

Master of Public Health (MPH)

Master of Public Health (MPH) is jointly offered by Chitkara School of Health Sciences and Chitkara Business School and is a broad, integrative, multi-disciplinary and multi-sectoral Healthcare program in approach. It prepares the students for challenging careers in Public Health, research and management in public & private sectors, non-governmental organisations, across national & multinational organisations.

Master of Public Health (MPH) is aimed at developing leaders to drive innovation and create change in global healthcare. The astutely designed program takes a multi-disciplinary approach, that enables professionals working in or alongside the healthcare profession to gain credible, unrivalled expertise, to address the challenges of a globally disrupted healthcare environment. Intellectually rigorous and highly practical, our program grooms professionals to effectively meet the burgeoning need for a skilled and well-prepared public health workforce, able to work flexibly across many disciplines.

As part of the MPH Degree, you will be provided with quantitative & qualitative analytical research skills., and the ability to focus on the interdisciplinary nature of the world of Public Health Management.

Program Structure

Amplify your healthcare leadership potential with MPH taught by practice-based faculty. This degree covers a range of health administration related skills, methods and tools to ensure cost-effective quality care and patient safety. The objective is to prepare you to handle real-world issues that healthcare managers face.

Upon graduating, you would have gained a broad understanding of health issues and the skills to address them, including Epidemiology, Biostatistics, Environmental Health Science, Public Health Informatics, Public Health Management, Health Policy & Planning , Public Health Law & Ethics, Health Systems Research, Comparative Health Systems, Health Communication and Health Economics.

Industry collaboration with

For this highly specialised MPH program, we have collaborated with Access Health Digital International, a global think tank, advisory group, and implementation partner. Through 20+ International Projects and 100+ Global Partners, the organisation designs and implements health initiatives for improved health outcomes.

We have partnered with PATH, an international, non-profit global health organisation based in Seattle. It is a global team of innovators working to accelerate health equity so all people and communities can thrive.

What You will Learn

- Identify the main components and issues of organisation, financing and delivery of health services and health systems.
- Demonstrate analytical and systems thinking to identify obstacles and opportunities in organisational processes and design.
- Build on leadership skills by supporting individuals and teams through coaching and mentoring to improve human capital.
- Develop financial roadmaps by interpreting and communicating financial and accounting information, developing and evaluating program budgets, and strategically investing in long-term improvements.

Program Outcomes and Skills

This program is designed for individuals who want to expand their knowledge and abilities in the Public Health domain. Upon graduating, graduates of the Master of Public Health would have gained a broad understanding of health issues and the skills to address them, including:

- Epidemiology, to identify disease trends
- Biostatistics, to evaluate health trends and intervention approaches
- Health system administration and management, to organise resources for public health
- Environmental health sciences, to understand the threats and opportunities presented by environmental factors

Some of the potential recruiters for MPH graduates from Chitkara University are:

MBA in Rural Management

2-Year Full-Time Program

Chitkara Business School's MBA in Rural Management equips students with a comprehensive understanding of rural markets, development, and the intersection of business and rural enterprises. The program prepares students for leadership roles in rural sectors, with a strong emphasis on sustainable growth and development.

MBA in Rural Management has created a niche and shall continue to be in demand as the hinterlands in India consist of about 650,000 villages, inhabited by about 850 million consumers and contributing around half of the country's Gross Domestic Product (GDP). With increased spending capacity and changing consumption patterns in rural areas, consumer companies serve one-third of their consumers from rural India.

As per latest studies of the potential size of the market, rural India provides a large and attractive investment opportunity for blue chip companies.

- FMCG sector in rural and semi-urban India is estimated to cross US\$ 20 billion by 2018 and US\$ 100 billion by 2025.
- India's per capita GDP in rural regions has grown at a Compound Annual Growth Rate (CAGR) of 6.2% since 2000.
- The Fast Moving Consumer Goods (FMCG) sector in rural and semi-urban India is estimated to cross US\$ 100 billion by 2025.
- The rural FMCG market is anticipated to expand at a CAGR of 17.41% to US\$ 100 billion during 2009-25.
- Rural FMCG market accounts for 40% of the overall FMCG market in India, in revenue terms. Amongst the leading retailers, Dabur generates over 40-45% of its domestic revenue from rural sales. HUL rural revenue accounts for 45% of its overall sales while other companies earn 30-35% of their revenues from rural areas.

Career Possibilities

Rural Development Officer

Sales/Business Development Manager

CSR Manager in Corporates

Micro-Finance Specialist

Procurement & Vendor Development Manager

Livelihood Development Consultant

NGO Project Manager

Marketing & Sales Manager in Agri-business

Emerging Opportunities for Rural Management Graduates

Unlike in the past when the Rural Management specialists were exploring opportunities mostly in the Dairy or Agribusiness related sectors, many new areas have opened up. Specialists in Rural Management are needed in CSR wings of corporate and public sector, livelihoods focused organisations, micro-finance institutions, small finance banks. When it comes to listing out major recruiters for Rural Management graduates, we can classify them in the following categories:

- National NGOs: PRADHAN, SEWA, CARE, BAIF, Seva Mandir, Nandi Foundation etc.
- International NGOs/Funding Agencies: Bill and Melinda Gates Foundation etc.
- UN Bodies: UNDP, UNICEF, UN Women etc.
- Govt. Aided Programmes/Projects: NRLM, NRHM etc.
- Corporates with Corporate Social Responsibility Job: Mining Companies, Cement Companies etc.
- Corporates with Rural Marketing Job: Car and bike manufacturer, cement companies etc.

Program Structure

Chitkara Business School's MBA in Rural Management combines core management principles with specialised rural development topics. Core courses such as Project Management, Finance, Marketing, and Managerial Communication are integrated with rural-focused subjects like Agribusiness Management, Micro-finance, Rural Livelihoods, and Sustainability. Students gain practical exposure through fieldwork, internships, and live projects, culminating in a capstone project that addresses real-world rural challenges. The structure ensures students are well-prepared to build sustainable, impactful careers in rural management.

Exposure to Rural Markets (ERM)

A unique feature of the program is the Exposure to Rural Markets (ERM) component, where students spend 45 days immersed in rural communities. This hands-on experience allows them to engage with village life, understand local socio-economic dynamics, and work on real-world development projects. By applying classroom knowledge to practical challenges, students gain valuable insights into rural markets, consumer behaviour, and community resilience, preparing them to create sustainable solutions connecting rural markets with broader business strategies.

This unique industry endorsed MBA program combines Marketing and Retailing courses to provide students with the knowledge needed to enter executive training positions in retail management, buying, product development and visual merchandising.

The Indian Retail Industry has emerged as one of the most dynamic and fast-paced industries due to the entry of several new players. India is the world's fifth largest global destination in the retail space.

Retail Sales are an important economic indicator because consumer spending drives much of our economy. This billion dollars plus industry needs a large number of skilled professionals in Management and Marketing,

Retailing is a driving force in the domestic and global economy and the key of any successful retail marketing strategy comes down to understanding the end consumer. Only after you understand your target customers can you formulate effective strategies for attracting them. With India emerging as one of the fastest retailing destinations, the retail sector is absorbing a good part of college graduates each year.

The MBA degree from Chitkara College of Sales & Marketing in Sales & Retail Management can thus prove to be a boon for students.

The program curriculum covers a range of issues related to Service Operations, Consumer Behaviour, Sales Management, Marketing Management, Visual Merchandising, Category Management and Supply Chain. With an emphasis on Retail Management and Marketing topics, the program also explores key developments and trends in this area through a range of workshops and consultancy projects.

The MBA program comprehensively covers a wide range of specialised courses which include Sales Management, Marketing Research, Consumer Behaviour, Financial Management, Negotiation Skills, Selling, Branding and Visual Merchandising. With an emphasis on Retail Management and Marketing topics, the program also explores key developments and trends in this area through a range of workshops and consultancy projects. Regular practical projects and dissertations are compulsory during the course. Students are also aided with internships in the final year of their course for on-job experience.

MBA in Pharmaceutical Management

2-Year Full-Time Program

MBA in Pharmaceutical Management is designed to provide the students with an overview of the pharmaceutical industry, including information about drug discovery, regulatory requirements, approval processes and the methodologies used by industry to comply with these regulations and the role of key operational units in drug manufacturing processes.

The MBA in Pharmaceutical Management program at Chitkara College of Sales & Marketing trains students and helps them develop skills required in the field to take up the challenging roles in the future. Some key observations of the growing sector include:

- As per the sectoral report developed by India Brand Equity Foundation, the Indian pharmaceutical market size is expected to grow to US\$ 100 billion by 2025, driven by increasing consumer spending, rapid urbanisation and rising healthcare insurance.
- As per Equitymaster reports, the Indian Pharmaceutical market is the third largest in terms of volume and value respectively. As stated by Pharmaceuticals Export Promotion Council of India (PHARMEXCIL), the Indian pharmaceutical export will witness a staggering 30 per cent increase from US\$ 16.4 billion to US\$ 20 billion before 2020.

These numbers in itself speak volumes about the opportunities which the Indian Pharmaceutical industry is providing. The industry not only needs highly qualified researchers, chemists, technical people but also requires skilled sales and marketing managers who can take the industry forward by managing and taking the complex decisions which are imperative for the growth of the industry.

MBA in Banking, Financial Services & Insurance (BFSI)

2-Year Full Time Program

MBA program is the study of fundamentals as well as concepts in the Banking, Financial and Insurance sector. The program details on the fundamental concepts of Management with specialised training in subjects such as, Banking, Financial Services, Insurance, Corporate aspects of Management, Treasury Operations, Project & Infrastructure, Investment Banking, Wealth Management, and Core & Retail Banking Operations.

The 2-Year MBA in Banking, Financial Services and Insurance program has been designed, keeping in view the industry changing dynamics of BFSI industry, and has been divided into 3 basic modules:

Banking

Core banking, retail, private, corporate, investment, and cards are all possible components of BFSI's banking division. Retail banking and core banking are sometimes used interchangeably. Transaction accounts, loans, mortgages, and payments are considered core banking services. A bank may centralise its record keeping and provide access from any location thanks to network technologies and banking software.

Financial Services

Brokering in stocks, payment gateways, and mutual funds are examples of financial services. With the use of payment gateways, retailers may start e-commerce, in-app, and point-of-sale transactions for a wide range of payment methods. Several acquiring banks and payment options are frequently linked together via a payment gateway into a single system. Real-time banking payments and the various sorts of payments are examples of innovations in this category.

Insurance

Both life insurance and general insurance are covered by insurance. The insurance sector, which makes up over one-third of the financial sector, offers significant risk management tools to individuals and businesses. You will gain knowledge of the crucial position that insurance plays in the financial system as well as the possibilities for innovation in this sector.

BFSI Industry in India

Commercial banks, insurance firms, non-banking financial institutions, co-ops, pension funds, mutual funds & other smaller financial organisations make up the BFSI sector. The business has undergone major reforms over the past 15 years and continues to be a priority for India's inclusive growth-based economic development. The banking regulator has permitted the creation of new organisations in the market. The government has implemented a number of reforms to liberalise and develop this sector.

The electives taught as a part of the specialisation enables students to find meaningful roles in specific functional areas as:

Banking

- Banking & Wealth Management
- Products & Corporate Banking
- Treasury Management
- Investment Banking
- Capital Markets
- Rural & Agricultural Banking
- SME Finance

Insurance

- Sales
- Operations
- Support Functions
- Underwriting

Financial services

- Sales
- Operations
- Financial Planning
- Institutional Equities
- Compliance & Audits
- Fund Accounting
- Broking & Dealing Operations
- Wealth Management
- Financial Management
- Micro-Finance
