CHITKARA

School of Psychology and Counselling

Chitkara School of Psychology and Counselling is dedicated to shaping professionals equipped to make meaningful contributions to society. Here, Psychology is presented as a scientific discipline that employs systematic inquiry methods to study and explain human behaviour, offering students a robust foundation in both theory and practical application. Our curriculum integrates scientific inquiry with real-world relevance, providing an immersive environment where students can explore the complexities of human behaviour, emotions, and cognitive processes, gaining valuable insights into the diverse psychological drivers behind actions.

Chitkara University's Psychology programs are designed for those who seek a thorough and in-depth understanding of Psychology, whether they are looking to build a career in counselling or apply psychological principles in other fields. One of our standout offerings are our specialised Psychology with Counselling programs, which are ideal for students aspiring to combine psychological knowledge with hands-on counselling skills. These programs offer a strong foundation in Psychology while providing pathways to acquire counselling qualifications, opening doors to impactful careers in fields such as mental health, social work, corporate counselling, and community services. Through a blend of rigorous academic study and experiential learning, students gain essential skills in empathy, communication, and problem-solving which are key competencies in today's increasingly complex social and professional landscapes.

Career opportunities for Psychology graduates are extensive and continually evolving, as the field grows in relevance across various domains. Psychology is increasingly recognised as an essential branch of the social sciences, particularly in roles that require a nuanced understanding of human behaviour and predictive insights.

Graduates of Chitkara School of Psychology and Counselling are highly valued across sectors including healthcare, education, corporates and social services, thanks to their expertise in behavioural analysis, systematic research, and data management.

Our commitment to academic excellence is underscored by state-of-the-art facilities and modern digital learning tools, which enhance both theoretical knowledge and hands-on experiences. Our students benefit from mentorship provided by an eminent faculty that includes industry practitioners, published authors, and distinguished PhD holders in Psychology. This accomplished team guides students through a meticulously crafted curriculum that reflects industry demands and support career-focused learning.

Our programs include a diverse selection of elective modules, allowing students to specialise in areas that align with their professional goals, from developmental Psychology to organisational behaviour. This structure equips graduates with the skills to address complex psychological needs in an increasingly dynamic world, paving the way for impactful careers and further academic growth in Psychology.

3-YEAR

B.A. in Psychology

WITH THE OPTION TO EXTEND YOUR PROGRAM BY ONE MORE YEAR TO OBTAIN AN HONOURS DEGREE.

The 3-Year B.A. in Psychology program at Chitkara School of Psychology and Counselling offers a well-rounded foundation in psychological theory, research, and practice. This comprehensive curriculum encompasses various subfields, including developmental, social, clinical, and organisational psychology, ensuring that students gain a broad perspective on the discipline.

Our 3-Year B.A. in Psychology program is characterised by rigorous coursework and practical exposure. Through the engaging coursework and hands-on experience, learners develop a robust understanding of human behaviour, thought processes, and emotional regulation, laying the groundwork for their future careers.

The program emphasises a scientific approach to psychology, training students to employ rigorous research methods to explore diverse psychological phenomena. Core modules such as Cognitive Psychology, Social Psychology, and Psychopathology are complemented by emerging areas like Positive Psychology and Cybersecurity Psychology, which reflect the evolving nature of the field. Additionally, students are introduced to various applied psychology fields, allowing them to specialise according to their individual career interests and aspirations.

Practical components are central to this program, integrating lab work, internships, and research projects that deepen hands-on skills. A notable feature is the 450-hour internship requirement, which provides valuable real-world exposure in clinical, educational, or corporate settings. This experience not only reinforces theoretical knowledge but also significantly enhances employability upon graduation.

Graduates of the B.A. in Psychology at Chitkara School of Psychology and Counselling can look forward to a variety of career opportunities. Common paths include roles in counselling, mental health support, and human resources, as well as research positions within academic and clinical settings. The program lays a solid foundation for those aspiring to pursue advanced degrees, preparing them for specialised fields such as clinical or forensic psychology.

With expert faculty and state-of-the-art facilities, Chitkara School of Psychology and Counselling ensures that its curriculum is designed to meet current industry needs. Students are encouraged to participate in seminars and workshops led by industry experts, fostering professional networking and providing insights into current trends in psychology. This combination of theoretical knowledge, practical application, and industry engagement equips students with the essential tools for success in a dynamic and evolving profession, positioning them well for a fulfilling career in psychology. The emphasis on both academic rigour and practical experience not only prepares students for immediate employment but also cultivates critical thinking and analytical skills that are invaluable in any psychological practice.

SOME OF THE COURSES TAUGHT IN B.A. IN PSYCHOLOGY WILL BE:

- Introduction to Psychology
- Cognitive Psychology
- Social Psychology
- Educational Psychology
- Basic Statistics for Social Sciences
- Counselling Psychology
- Forensic and Criminal Psychology
- Industrial-Organisational Psychology
- Research Methods: Quantitative
- Psychology of Personality
- Introduction to Research Methods
- Developmental Psychology
- Biological Psychology
- Health and Psychological Well-being
- Psychological Assessment for Counselling
- Counselling Psychology, Mental Health and Illness
- Managing the Therapeutic Process
- Counselling Research Project

Program Overview

B.A. in Psychology program at Chitkara School of Psychology and Counselling has been designed to reflect the extensive breadth of Psychology in terms of both - the range of behavioural phenomena studied and the variety of methods and theoretical approaches employed - while allowing you to pursue a career matching your interest.

Throughout the course, you'll have one-to-one support from your professors and academic skills tutors, as well as frequent interactions with your fellow students and staff and personal academic tutor support sessions. You'll also be able to start developing industry links and networks by attending sessions with guest speakers from a wealth of areas. Our academic team, who come from a range of professional and cultural backgrounds, will help you learn through real-world context, helping you understand how your new skills are best in practice.

3-YEAR

B.Sc in Psychology

WITH THE OPTION TO EXTEND YOUR PROGRAM BY ONE MORE YEAR TO OBTAIN AN HONOURS DEGREE.

Our 3-Year full-time B.Sc in Psychology program offers a comprehensive curriculum designed to prepare students for successful careers in clinical psychology and related research fields. This program provides a strong foundation in psychological principles, focusing on the interplay between theory, empirical research, and practical application.

The curriculum encompasses core subjects such as Developmental Psychology, Cognitive Psychology, and Social Psychology, ensuring a well-rounded education that covers essential psychological theories and methodologies. Additionally, the program incorporates contemporary areas such as Positive Psychology and Cyber Psychology, reflecting current trends and advancements in the field. Students engage in rigorous coursework that emphasises the scientist-practitioner model, aiming to equip them with both the theoretical knowledge and practical skills required in professional settings.

Practical experience is a cornerstone of the B.Sc in Psychology degree offered at Chitkara University and what sets our degree apart from the rest. Students have the opportunity to participate in a minimum of 450 hours of internship across two placements, allowing them to apply their learning in real-world contexts. This extensive hands-on exposure takes place in diverse settings, including hospitals, mental health clinics, and corporate environments, facilitating the development of essential competencies in assessment, intervention, and research methodologies.

Our students also benefit from access to advanced facilities, including psychology laboratories equipped with standardised tests, research labs, and counselling rooms, all designed to enhance their educational experience. The program also encourages participation in symposiums, conferences, and lectures led by expert practitioners, further enriching the learning environment and keeping students abreast of the latest developments in psychology. Teaching methodologies include case studies, group discussions, and mock counselling sessions, fostering a collaborative and engaging atmosphere conducive to deep learning.

Graduates of the B.Sc in Psychology from Chitkara School of Psychology and Counselling can explore a wide range of career opportunities. They are well-prepared for roles in mental health support, research, human resources, education, and social work. The program also provides a solid foundation for those interested in pursuing advanced degrees in specialised areas such as clinical, forensic, or organisational psychology. With a focus on developing ethical professionals equipped to navigate the complexities of human behaviour, Chitkara University's B.Sc in Psychology opens the door to numerous fulfilling career paths in an ever-expanding field.

SOME OF THE COURSES TAUGHT IN B.Sc IN PSYCHOLOGY WILL BE:

- Introduction to Psychology
- Cognitive Psychology
- Neuro-Psychology
- Social Psychology
- Educational Psychology
- Basic Statistics for Social Sciences
- Counselling Psychology
- Forensic and Criminal Psychology
- Industrial-Organisational Psychology
- Research Methods: Quantitative
- Clinical Psychology
- Psychology of Personality
- Introduction to Research Methods
- Developmental Psychology
- Biological Psychology
- Health and Psychological Well-being
- Managing the Therapeutic Process
- Counselling Research Project

Program Overview

The program consists of a mix of core courses in Psychology and a range of elective courses from different institutions at Chitkara University.

This multidisciplinary approach helps you gain the fundamentals of the subject at your fingertips while also allowing you to expand your personal interests. The course will arm you with the best counselling and treatment procedures for mental health care. You will also gain real-world experiences through the completion of practicums and multiple mandatory internship opportunities.

As you work through your course modules, you'll have the chance to complete a range of useful assessment methods such as: individual reports, case study analyses, role-play, group presentations and reflective and personal independent assignments devised in consultation with your designated course module leader.

2-YEAR

M.Sc in Psychology

The 2-Year M.Sc in Psychology program is designed to accelerate your career in professional practice and establish you as a leader in Psychology, Counselling, and related fields. It equips you with advanced practice and research skills through a hands-on learning approach, integrating key psychological skills as well as a bio-psycho-social perspective into every aspect of the course.

The curriculum features ten cutting-edge modules, including ADVANCED PSYLearner, ADVANCED PSYChometrist, ADVANCED PSYCounsellor, ADVANCED PSYResearcher, ADVANCED PSYSocial, ADVANCED PSYExpert, ADVANCED PSYProfile, ADVANCED PSYTech, ADVANCED PSYGlobal, and ADVANCED PSYValue. These modules are designed to provide a comprehensive understanding of the diverse dimensions of Psychology, aligning with the needs of the evolving mental health landscape in India. By adhering to the 'scientist-practitioner' model, the program promotes a science-based approach, ensuring that graduates are well-equipped for roles in academic, medical, and applied settings.

Throughout the program, students gain insights into contemporary psychological theories and practices, exploring various mental health issues relevant to both adults and children. Foundational skills in interviewing, observation, and psychometric assessment are emphasised, alongside the exploration of healthcare research methodologies, including research design and ethical considerations. The culmination of this training involves a research project, allowing students to apply their skills and knowledge in real-world contexts.

Key highlights of the M.Sc in Psychology program include excellent faculty-to-student ratios, which foster a supportive learning environment. Students benefit from direct supervision by licensed clinical faculty, ensuring they receive expert guidance all through their training. The program offers varied mental health training experiences, with access to an on-campus training clinic and advanced laboratories, where students develop their practical skills under the mentorship of experienced professionals.

Upon completing the program, graduates will not only possess the competencies necessary to pursue careers as practitioners but also a solid foundation for further postgraduate training in Psychology. The diverse career pathways available include roles in hospitals, mental health clinics, research institutions, and educational settings.

Chitkara University's M.Sc in Psychology program aims to cultivate skilled and ethical professionals, grooming them for impactful careers in a field that's critical to societal well-being. With a curriculum that reflects current industry demands and a commitment to advancing mental health education, this program prepares students for success in their future endeavours.

SOME OF THE COURSES TAUGHT IN M.Sc IN PSYCHOLOGY WILL BE:

- Health Psychology
- Basic Psychological Process
- Psychopathology
- Statistical Method for Psychological Research
- Counselling Skills, Reflection & Practice
- Lifespan Development
- Advanced Cognitive Psychology
- Psychotherapy

Career Opportunities in Psychology & Counselling

Chitkara School of Psychology and Counselling prepares students with a deep, science-based foundation in Psychology, setting them apart as versatile professionals ready to meet today's urgent mental health and wellness needs. With a comprehensive blend of theory, practice, and research, our strategically designed programs equip graduates with skills that are widely applicable across fields, making them highly sought-after across various industries.

The demand for Psychology graduates is expanding rapidly, with career opportunities extending far beyond traditional clinical roles. In India, the need for mental health professionals is on the rise, and with limited professionals in the field, the job market for psychology graduates is vast. The Indian Council of Medical Research (ICMR) highlights that there's currently only one psychologist for every 1.3 million people, indicating a significant gap in mental health service availability. This scarcity translates into ample career potential across clinical, organisational, forensic, and rehabilitation psychology, as graduates find themselves equipped to meet this growing need in various sectors.

Our graduates, skilled in interpersonal, analytical, and research abilities, are ready for diverse fields like healthcare, education, consulting, and social services. Roles such as organisational and sports psychologists are increasingly vital, enhancing leadership, well-being, and mental resilience in society.

Graduates from Chitkara School of Psychology and Counselling will have opportunities to secure internships and career opportunities in corporates, NGOs, academic and medical institutions such as:

				
				
				
				

Our unique emphasis on hands-on training ensures that graduates not only thrive in roles directly related to Psychology but are also valued in fields like human resources, market research, and organisational development. Many also pursue higher studies, including doctoral programs, to specialise in areas such as Neuropsychology, Forensic Psychology, or Educational Psychology.

Psychology graduates from Chitkara School of Psychology and Counselling can explore a diverse range of career paths, finding opportunities in hospitals, clinics, research institutes, educational institutions, government organisations, and corporate settings. These professionals are increasingly valued in human-centric fields, as businesses, schools, and healthcare facilities alike recognise the importance of psychological insights in fostering growth and well-being.

SOME PROMINENT CAREER OPTIONS INCLUDE:

- **Clinical Psychologist:** Working in hospitals or private practice, diagnosing and treating mental health disorders.
- **Counselling Psychologist:** Providing therapeutic support in settings like schools, wellness centres, or corporate programs.
- **Organisational Psychologist:** Consulting with businesses to improve employee well-being and productivity.
- **Forensic Psychologist:** Working with law enforcement or legal teams to provide psychological assessments and analyses in criminal cases.
- **Educational Psychologist:** Supporting the learning and development of students within school systems.
- **Health Psychologist:** Helping individuals manage illnesses and promoting overall wellness in healthcare settings.
- **Sports Psychologist:** Enhancing the performance and resilience of athletes in collaboration with sports organisations.
- **Market Researcher or Consumer Psychologist:** Analysing consumer behaviour to assist businesses in understanding market trends.
- **Career Counsellor:** Guiding students or professionals in making informed career choices based on psychological insights.
- **Human Resources Specialist:** Applying psychology principles to recruitment, training, and employee relations.
- **Academic Psychologist:** Conducting research and teaching at educational institutions to advance the field.
